

Northamptonshire Fire and Rescue Service

22nd January 2025

Request:

I would like to request the following information regarding buildings.

A list of high rise buildings identified as having Aluminium Composite Material (ACM) cladding deemed unsafe or non-compliant with safety standards.

The management entity responsible for these buildings (e.g., the council, housing associations, private companies, etc.) including any property management company who manages them.

Whether these buildings currently have waking watch services in place, and if so, details on how these services are implemented.

Response:

Searches were conducted within Northamptonshire Fire and Rescue Service to locate the information and I can now confirm that within Northamptonshire, there are no high rise buildings identified with ACM cladding.
